MADRID CONVENTION BUREAU

SPONSOR AND EXHIBITORS OPPORTUNITIES

1. ABOUT CINC

Computing in Cardiology (formerly Computers in Cardiology) is an international scientific conference that has been held annually since 1974. CINC provides a forum for scientists and professionals from the fields of medicine, physics, engineering and computer science to discuss their current research in topics pertaining to computing in clinical cardiology and cardiovascular physiology.

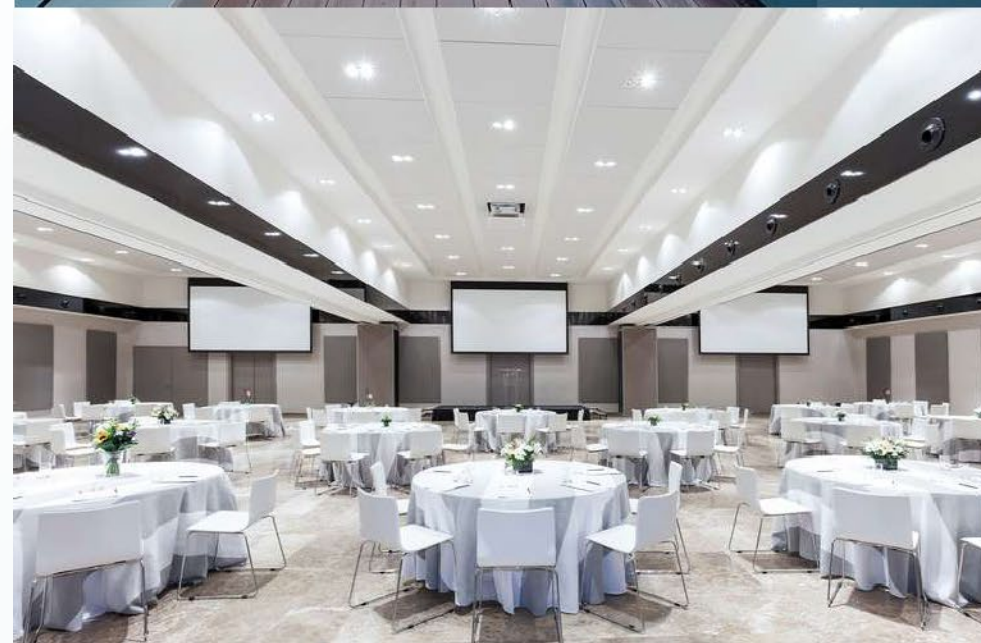

<https://cinc.org/>

2. LOCATION AND VENUE

The CINC 2026 international conference will be held at Novotel Madrid Center alongside University Rey Juan Carlos in Aranjuez on Sunday.

Expected 400+ attendees on site from all over the world.

4. WHY SPONSOR CINC 2026?

Enhance your company's presence among an international audience of experts and innovators:

- Networking opportunities with leading academics, industry professionals, and healthcare institutions.
- Showcase your solutions and expertise in digital health and artificial intelligence.

Keynote Speakers CINC 2026

Dr. David Filgueiras-Rama

Head of the Advanced Development in Arrhythmia Mechanisms and Therapy Laboratory - **Centro Nacional de Investigaciones Cardiovasculares (CNIC), Spain**

Prof. Omer Berenfeld

Professor of Internal Medicine, Biomedical Engineering and Applied Physics. Thematic Director, Cardiovascular Research Network (CRN) Center for Arrhythmia Research. **University of Michigan, USA**

Prof. Yoram Rudy

Distinguished Professor Emeritus **Washington University, USA**
Member, US National Academy of Engineering.
Fellow, US National Academy of Inventors

Dr. José Jalife

Cardiac Arrhythmias
Centro Nacional de Investigaciones Cardiovasculares (CNIC), Spain

5. SPONSORSHIP LEVELS

1. PLATINUM

2. GOLD

3. SILVER

4. BRONZE

We offer several sponsorship levels designed to align with your marketing and visibility goals.

MADRID
CONVENTION
BUREAU

We are pleased to invite you to support **Computing in Cardiology 2026 (CinC 2026, www.cinc2026.org)**, which will take place from **September 20-23, 2026, in Madrid, Spain.**

This annual conference is a premier scientific event that brings together researchers, engineers, and clinicians to discuss cutting-edge advancements in cardiac signal analysis, artificial intelligence in cardiology, and innovative digital health technologies.

Your company, known for its commitment to innovation and research in healthcare, would gain exceptional visibility as a sponsor of CinC 2026. The conference attracts world-renowned experts and promising young talents, providing a unique opportunity to showcase your brand and engage with key leaders in the field.

We offer several sponsorship levels designed to align with your marketing and visibility goals, including opportunities to promote your company during scientific sessions, in official conference materials, and in the exhibition space.

CinC 2026 - 53rd annual edition of CinC - in brief:

- The leading conference in technology applied to cardiology.
- Expected 400+ on-site from all over the world.
- Visitors represent biomedical researchers, engineers, clinicians, and policymakers from across the industry and academia.
- Sessions and poster exhibition provide an outlook into the emerging R&D.
- State of the art scientific program and great events for personal interactions.

Sponsorship Levels

We offer several sponsorship levels designed to align with your marketing and visibility goals.

Bronze Partners

- Logos appearing on the conference website, social media profiles, and conference booklet.

The fee for a Bronze partnership is 1000€.

Silver Partners

- All benefits of the Bronze partnership.
- Full participation in the scientific program for one person.
- Printed materials and small items (provided by the partner) included in the conference bags.
- Placing company roll-up (provided by the partner) at the event venue.

The fee for a Silver partnership is 2000€.

Golden Partners

- All benefits of the Silver partnership.
- One table, two chairs, electricity, Wi-Fi in the conference foyer.
- Placing company roll-up (provided by the partner) on the presenter's stages.
- Invitation to the Gala dinner for one person.

The fee for a Gold partnership is 3500€.

Platinum Partners

- All benefits of the Gold partnership.
- Full participation in the scientific program for two additional persons.
- 15 min presentation during lunch break to present your products and services if interested.

The fee for a Platinum partnership is 6000€.

Young Investigator Award partner

In addition to standard sponsorship levels, we offer an exclusive opportunity to support the Young Investigator Award (YIA), a prestigious prize recognizing the most promising early-career researchers in Computing in Cardiology.

As a YIA sponsor, your company will receive all benefits of the Gold partnership added to:

- High visibility during the presentation session of the young investigators finalists of the competition, as part of the opening ceremony.
- High visibility with your logo featured on the official awards materials disclosed during the awards ceremony of the closing plenary session.

- Direct engagement with young researchers and leading academics in the field.
- Acknowledgment of your commitment to supporting the next generation of biomedical engineering and computational cardiology experts.

The fee for the YIA partnership is 6000€, to fully cover the awards and registration fees of the awarded.

Why Sponsor CinC 2026?

Enhance your company's presence among an international audience of experts and innovators. Networking opportunities with leading academics, industry professionals, and healthcare institutions. Showcase your solutions and expertise in digital health and artificial intelligence.

We would be delighted to discuss sponsorship opportunities in more detail and answer any questions you may have. Please feel free to contact us to explore how we can highlight your company at Computing in Cardiology 2026.

Thank you for your consideration. We look forward to the possibility of partnering with you for this exciting event.
